#### QUICK TRANSPORT

Quicks Freight Express is a family-run fast-freight business operating out of Ballarat in Western Victoria. The company services Victoria, South Australia and New South Wales with a fleet of 10 trucks that includes two 2002 Iveco 6300 PowerStars, two International S Lines that have been operating since the mid-1990s, and an F4870 Atkinson 6x4 that was bought new in 1986. It continues to serve the company faithfully with more than three million kilometres on the dock. In July 2004 Quicks continued the association by purchasing a Cummins ISX-powered 9200i that has already clocked up 40,000 kilometres.
